Rev. Fr. Ely Dalanon
Filipino Chaplaincy
Vienna, Austria

Dear Fr. Ely,

In behalf of the victims of typhoon Yolanda from Bantayan Island whom we are continuing to support through our rehabilitation and re-building plans, I would like to acknowledge the **EURO 5,000.00** (P302, 825.45) you have donated sent through my brother, Glenn Figuracion. We received the amount yesterday, 13 January 2014.

Thank you very much for your generosity and contribution. The gesture of solidarity is itself very touching. It is an inspiration for the people of Bantayan to once more pick up the pieces in their lives and move on after such devastating experience. The generosity of people like you makes their rising and rebuilding easier.

Our re-building and rehabilitation plans are in three phases:

- a. Debriefing / Psychological First-Aid (already done)
- b. Roof Re-building (P5,000 budget per family)
- c. Banca Rehabilitation (P15,000 per family)

May God make it up to your for the gesture of compassion and love. We will send pictures and updates in the future.

Sincerely yours,

Fr. Randy A. Figuracion, SDB
